3.3. Which one statement of each of the following pairs of statements is closer to your own opinion?

For each pair of statements, please choose one only. If "neither" please leave blank.

a. ○ Globalization concentrates wealth and makes the rich richer and the poor poorer.
○ Globalization brings economic opportunities to all people equally, both the rich and the poor.

b. ○ Global society should focus on economic growth first, then on social issues like human rights.
○ Global society should focus on social issues like human rights, ahead of economic growth.

c. ○ Globalization is primarily driven by the interests of global companies.
○ Globalization is the natural evolution of the economy.

d. ○ Global society should focus on raising overall economic growth and income levels.
○ Global society should focus on reducing the gap between rich and poor.

e. ○ Emphasizing the protection of the environment more than trade and investment will hurt global economic growth.
○ Emphasizing the protection of the environment makes global economic growth more sustainable.

f. ○ Emphasis should be placed on direct foreign investment by private companies to stimulate economic growth in developing countries.
○ Emphasis should be placed on Official Development Assistance (ODA) by governments to stimulate economic growth in developing countries.

g. ○ There are fundamental disagreements between stakeholders from industrialized countries and stakeholders from developing countries on many key issues.
○ There are significant numbers of stakeholders from both industrialized and developing countries who agree on many key issues regardless of where they come from.

h. ○ There are fundamental disagreements between stakeholders from government, stakeholders from industry, and stakeholders from NGOs/civil society on many key issues.
○ There are significant numbers of stakeholders from all sectors who agree on many key issues regardless of which types of organizations they operate in.
4. Development Models

4.1. If global society is going to achieve such goals as reducing poverty by half by the year 2020, to what extent do we need to improve our current understanding of the factors and conditions leading to development?

Please choose one statement only.
☐ a) No work is needed, we know how to do this.
☐ b) Some fine-tuning is needed to improve our success.
☐ c) Major work is needed to improve the effectiveness of our current development model.
☐ d) We need entirely new models of development.
☐ e) Other (please specify)
