Services

- [Health Research Web](#) - details and data, by country
- [Health Research Watch](#) - synthesis of global health agenda and mechanisms
- [Publications and learning resources](#)

COHRED Expertise

- Strengthening + managing national health research systems
- Priority setting for health research
- Improving health research communication

Health Research Web

COHRED's Mission

We are passionate about enabling countries to put in place and use health research to foster health, health equity and development. We work globally - prioritising the poorest countries.

Health Research Web

Main Goal

Organise and disseminate health research information to improve the practice of everyone who has an interest in increasing the impact of research on health, equity and development in low and middle income countries.

Health Research Web

Useful to:

- *Governments*
- *Research institutions*
- *Academic institutions*
- *Research sponsors and donors*
- *Civil society organisations and NGOs*
- *Researchers in both the north and the south*
- *Media, health and science writers*
- *Informed citizens*

Health Research Web

Because

- *Integrates relevant information on national health research systems of low and middle income countries;*
- *Contributes to improve governance, leadership management, financing, accountability, capacity and impact of research for health;*
- *Facilitates collaboration between researchers: north – south and south – south;*
- *Helps to improve strategy formulation and to build sustainable research capacity;*
- *Informs negotiations with funders and partners and helps to increase alignment and harmonisation among them.*

Health Research Web *Collaborators*

Supporters:

- IDRC
- SDC
- NACCAP
- Wellcome Trust
- ISHReCA
- NEPAD
- EDCTP
- EVIPNet
- CDNC

Health Research Web *Collaborators*

Interested users:

- Senegal - Ministry of Health and Prevention
- Zambia - MoH
- The Philippines - Philippine Council For Health Research and Development (PCHRD)
- Pacific Island Countries (Samoa, Tonga)
- EMRO
- PAHO
- Iran - Qazvin University of Medical Sciences
- Vietnam - MoH and Academia
- Uganda - National Council of Sc&T (UNCST)
- Kyrgyzstan - MoH

Health Research Web

Phase 1:

'Static web pages' providing information on health research policies, priorities and institutions across developing countries, and increasing information on health research funding in countries.

Health Research Web

Phase 2:

- *We are on the brink of evolving into an interactive platform;*
- *Everyone can contribute, validate and use data on research for health;*
- *Open but with a high quality editorial policy and review process.*

Health Research Web *Brazilian model:*

Web-based application to collect, analyse and graphically display information on all research projects conducted by the Department of Science and Technology of the Ministry of Health of Brazil.

The screenshot shows a Windows Internet Explorer browser window displaying the 'Pesquisa Saúde' website. The address bar shows the URL 'http://200.214.130.94/bdgdecit/index.php?lg=IN'. The page header includes the logo of the 'Ministério da Saúde' and the text 'Base de Dados Gerencial Decit Pesquisa Saúde' with the website address 'www.saude.gov.br/pesquisasaude'. Below the header, there is a green bar with the text 'Secretaria de Ciência, Tecnologia e Insumos Estratégicos' and a 'Version:' indicator with a Brazilian flag icon. The main content area features a blue banner that reads 'WELCOME TO PROJECT REGISTRY PLATFORM'. Below this banner, a paragraph of text states: 'Please find here information about the projects financed by the Department of Science and Technology (Decit/SCTIE/MS) since the year 2002 in collaboration with CNPq, Finep Unesco, OPAS, FAPs and the Secretariats of Science and Technology.' A search section titled 'SEARCH BY KEYWORDS:' is located below the text. It includes a search input area with a 'Search Projects' button. To the right of the search area, there are three links: 'Help (In Portuguese)', 'Dictionary data (In Portuguese)', and 'Advanced Search'. The bottom right corner of the search section indicates 'Last Update: 15/10'.
