Preparation of this Bibliography

This indexed bibliography was compiled to assist leaders and staff of IDRC-supported projects in retrieving information relevant to their particular interests. The titles are listed in alphabetical order by authors' names. Taxonomic and subject indexes are provided to ease the retrieval process.

The articles included were obtained as a result of: manual searching of journals, *Aquatic Sciences and Fisheries Abstracts*, *Agrindex* and *Agriasia*, books, and current awareness computer profiles; retrospective searches on specific subjects; and requests of researchers on particular topics.

This bibliography has also been sent to researchers who are associated with IDRC-supported Fisheries projects and to institutions and organizations which are either associated with the IDRC-supported projects or with whom IDRC has a reciprocal publication exchange.

Préparation de Cette Bibliographie

Cette bibliographie classifiée a été établie dans le but d'aider les dirigeants et le personnel des projets subventionnés par le CRDI à retrouver de la documentation ayant rapport avec leurs intérêts particuliers. Les titres sont donnés dans l'ordre alphabétique du nom de l'auteur. Des tables taxonomiques et thématiques sont fournies pour faciliter le processus de recherche.

Les articles qui y figurent ont été obtenus par la suite de recherches manuelles de journaux, de livres, et de profils d'ordinateur sur la conscience courante; et de demandes de chercheurs sur des thèmes particuliers.

Cette bibliographie a été envoyée également à des chercheurs qui sont associés aux projets des Pêcheries subventionnés par le CRDI et à des institutions et des organisations qui sont ou bien associés aux projets subventionnés par le CRDI ou bien qui maintiennent un échange réciproque de publications avec le CRDI.

Preparación de esta Bibliografía

Esta bibliografía clasificada fue compilada para ayudarles a los líderes y al personal de los proyectos apoyados por C.I.I.D. a recuperar información referente a sus intereses específicos. Se dan los títulos en orden alfabético por apellido del autor. Se proveen índices taxonómicos y de tema para facilitar el proceso de recuperación.

Los artículos incluidos fueron obtenidos como un resultado de: la búsqueda manual de revistas, libros y perfiles de computador de conocimiento actual; y las peticiones de investigadores sobre tópicos específicos.

Esta bibliografía también ha sido mandada a investigadores que son asociados con Proyectos de Pesquería apoyados por C.I.I.D. y a instituciones y organizaciones que son asociadas con los proyectos apoyados por C.I.I.D. o con los cuales C.I.I.D. tiene un cambio de publicaciones recíproco.
